ThermoWorks

RH SPOT™

Temperature and Humidity

Large Display
Current temp *and* humidity rotate in 5-second increments on large 1 1/4" display – range to 122°F & 100%

Auto-Rotating Display
Will always show right-side up even when the unit is upside-down, sideways, or any angle in between

Bright, Ultra-Responsive Automated Backlight
Easier to read in dim light– quick response to ambient light changes

Hibernation
Light-sensitive display turns off in the dark to save battery life

Max and Min Reading
Press to see the highest and lowest temperatures *and* humidity readings for monitoring safety and comfort

Easy to Use
Single button for ON/OFF, backlight, and Max/Min

Verified Accuracy
Includes NIST-traceable calibration certificate verifying accuracy of both temperature *and* humidity sensors

Both F° and C° Reading
Switch between F° and C° by holding the button for five seconds

Bright Colors
Color variety is useful for color-coding based on location, food type, process, or just matching the decor in a room

Long Battery Life
Approximately 5,000 hours using a CR2032 (3V) lithium coin cell

Strong Magnetic Base
Can mount to ANY surface using the magnet or accompanying steel mounting plate

Use RH SPOT to Ensure Ideal Humidity Ranges

Bread Proofing: 80-85%

Fridge: 30-50%

Wine Cellar: 50-70%

Cheese Cave: 75-99%

Humidor: 65-72%

Greenhouse: 50-80%

Gun Safe: 30-50%

Office: 30-60%
