

ThermoWorks

SPOT™

The Fridge & Everywhere Thermometer

Large Display

Current temp displayed with large digits for easy reading – range to 122°F

Auto-Rotating Display

Will always show right-side up even when the unit is upside-down, sideways, or any angle in between

Brighter, Ultra-Responsive Automated Backlight

Easier to read in dim light—quick response to ambient light changes

Hibernation

Light-sensitive display turns off in the dark to save battery life

Max and Min Reading

Press to see the highest and lowest temperatures for monitoring safety and comfort temp variations

Easy to Use

Single button for ON/OFF, backlight, and Max/Min

Verified Accuracy

Includes NIST-traceable calibration certificate

Both F° and C° Reading

Switch between F° and C° by holding the button for five seconds

Bright Colors

Color variety is useful for color-coding based on location, food type, process, or just matching the decor in a room

Long Battery Life

Approximately 7,000 hours using a CR2032 (3V) lithium coin cell

Strong Magnetic Base

Can mount to ANY surface using the magnet or accompanying steel mounting plate

Perfect for walk-ins

Monitor fridge temps

Rotating display

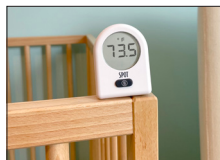

Light activated

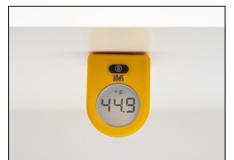

Out of the way

See Max/Min temps

Use at home

Or anywhere!
