

Made from heavy duty stainless steel, the Pot Clip easily mounts to the side of any stockpot or sauce pan. Attach the probe to the clip, mount to the side of the pot and start monitoring temperatures. Perfect for monitoring cooking sugars or delicate sauces. The Pot Clip allows you to continuously monitor the cooking process while keeping both hands free for other tasks.

Instructions, Tips and Cautions

- Designed for probes 0.13" dia. and smaller
- Use hot pads or gloves when removing the clip from pot. It may be hot!
- Pinch the pot clip, slide the probe through both holes.
