

ThermoWorks

# RayTemp 2 Plus

Handheld Infrared with Rotating Display

### Smart Display

Patented 360° auto-rotating display shows infrared readings after Measure button is pressed. Hold the thermometer sideways or upside-down and the screen rotates so you don't have to cock your head.

### Precision Infrared Thermometer

Simply aim the lens and press the Measure button to take non-contact infrared temperature readings of virtually any surface.

### Backlight

Backlight turns on automatically when taking temperature measurements.

### Rugged Housing

Rugged, Splash-proof housing fits comfortably into your hand.

### Max/Min Readings

Press the Max/Min button while using the infrared thermometer to display Max and Min temperatures.

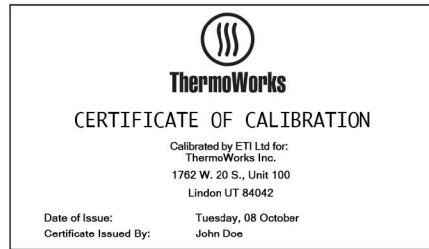

### Personalization

Easily change from °C to °F, 1° to 0.1° resolution, or change the infrared emissivity setting with the handy Mode button.

### Highly Accurate

Close-range and food grade accuracy. 5:1 distance-to-target ratio. Accurate to  $\pm 1.8^{\circ}\text{F}$  ( $\pm 1.0^{\circ}\text{C}$ ) between 32 to 212°F, otherwise  $\pm 3.62^{\circ}\text{F}$  ( $\pm 2.0^{\circ}\text{C}$ ) or 2% of reading, whichever is greater. Range to 662°F (350°C).

### Calibration Certificate

Includes NIST-traceable calibration certificate so you know it's accurate. Backed by ThermoWorks' famous customer care and technical support. 2-year warranty.
