

ThermoPop[®]

Up Your Game with the Top-Rated Inexpensive
Digital Thermometer

Accurate to $\pm 2^{\circ}\text{F}$ (1°C) in 3-4 seconds. Not only is the ThermoPop top-rated for its speed and accuracy in its class, it also boasts the first-ever rotating display in a pocket thermometer. Just flick the buttons on the back to rotate the screen to a more convenient angle or to activate the backlight. Take charge of your cooking with the ThermoPop! Available in 9 colors.
